

The Philosophy of *CareConnections*

Is there no place like home? We are happier and more comfortable at home while recovering from an illness or injury. As elders, we lead happier & healthier lives, maintaining higher energy and remaining more involved with our family, friends, and the activities we enjoy, when we remain in the comfort and safety of our home.

Our Goal...

...is to support elders living independently in their homes by providing for and maintaining their safety, health care, and optimal level of well being. This is accomplished by placing competent, compassionate and compatible care providers in their home.

We'll Assist with Your Decisions.

We need information about your health and medical background as well as your present medical status. We will assist you in determining your current home care needs as well as what you think you might need in the future. We will help you define the qualities you would like in a care provider. Most importantly, we will discuss what it would take to allow you to feel safe, cared for, independent and in charge of your life.

With Age, Comes Wisdom...

...and a full life of cherished memories. Age also creates a body that isn't as strong, agile or balanced as it once was. If you are an elder, or the loved one of an elder who needs assistance with the activities of daily living, we're here to assist you with:

Personal Care

- Bathing, Dressing, Grooming
- Toileting
- Catheter & Colostomy Care

Assistance with Health & Safety

- Medication Reminder & Assistance
- Fluid Intake Monitoring
- Transferring & Walking Safely
- Physical Therapy Exercises

Home Care & Activities

- Meal Preparation
- Laundry & Linen Changing
- Light Housekeeping
- Pet Care
- Companionship & Activities
- Correspondence
- Shopping, Errands & Appointments*
- Transportation & Outings*

We Encounter New Challenges as We Grow Older.

We often experience declining health, face serious illness or long term disability. It can be difficult knowing what to do and where to turn for help.

We can assist you with your needs:

24-Hour Live-In Caregivers

- 5 to 7 days per week
- Short or Long Term

Administrative Case Management

- Professional & Strict Confidentiality

Resource Referrals

- Home Health Agencies
- Long Term Care Insurance
- Care Facility Placement
- Senior Social Day Programs
- Legal Assistance
- Money Management
- Transportation
- Delivered Meals

* When caretaker is a licensed California driver.

Our Fee Structure

CareConnections is a private duty placement service providing quality home care at an affordable cost. Our caregivers are thoroughly screened, professional, self-employed independent contractors. We remain in contact with and available to you, and your family, at anytime after the placement.

Live-in positions and 24-hour relief shift rates are \$150 to \$185 per day, depending on skill level requirements. This is paid to the caregiver by the client. **CareConnections'** goal is to make an appropriate skill level placement and, just as importantly, a personality match creating mutual trust, happiness and well-being between the caregiver, the client and the family. If there are ever any questions, we're here to answer them. If there is ever a problem, we're here to solve it. For this, **CareConnections** is paid a placement fee of 35% of a month's salary (ranging from \$1,575 to \$1,943) by the client upon receipt of invoice.

If you still need our caregiver's assistance at the end of six months, you will receive an invoice for \$400 to renew the contract for an additional six months. An invoice will be sent every six months thereafter as long as you employ our caregiver. If you have any questions, please just ask us!
